

## **The Jolly Phonics Handbook**

The Jolly Phonics Handbook has many worksheets and games that the teacher must prepare and organise. These worksheets must be coloured and laminated.

While presenting sounds and in order to help students interiorise the 42 sounds so the children can practice reading and writing skills, the following pages must be available to the students.

Page 145 – Word boxes – Each page can be photocopied in different light colours and laminated so children can independently read words.

Page 149 – String Joining – Spaghetti – Each picture should be coloured and each page laminated so the children can join each word to each picture.

Page 156 – Puzzles – Each page should be photocopied in different light colours, laminated and cut out so the children can play with these puzzles.

Page 164 – Puzzles with “Tricky Words” – The pictures on these pages can be coloured, laminated and cut out so the students can match the pictures to the sentences. Each page can be photocopied in different light colours in A3 size.

Page 169 – Writing comprehension – The children have to fill in the gaps with sounds, comprehend the meaning and draw a picture. Each page can be photocopied in light colours, in A3 size.

Page 179 – Missing Sounds – Independent writing, the children can write words and comprehend.

Page 191 – Reading words – These pages can be photocopied, cut out and set as a small booklet on card so the children can take them home to practice reading.
